Historical Pageant

District residents have a treat in store when on Sept. 29 and 30 (October 1st in case of rain) Twilight Productions brings to St. Albert "Mio Kiskisewin" by Keith Hamilton. Mio Kiskisewin - Cree for Fond Memories - traces the rich history of St. Albert, going back to the Legendary Creation of Man right up to the time of the Riel Rebellion. The pageant will be directed by Phillip Silver, director of the Citadel Theatre and is sponsored by the St. Albert Public School Board and the

W. I. Gift

The St. Albert Women's Institute hold the honor of being the first organization to give a gift to the St. Albert Hospital Board for the new hospital.

The WI passed a motion that \$100 be set into a separate account, to be added to annually, for extras for the new hospital.

A letter was sent to the hospital administrator saying that this money was available for luxuries when needed.

Members of the Institute feel the money could go to furnishings for a sitting-

St. Albert Separate School Board as their Centennial Project. The pageant will be staged on the terraced hill site behind Father Jan School in Mission Park, Sept. 29 and 30 at 8 p.m. This natural amphitheatre will lend the perfect atmosphere to this historical play. The cast of 114 will be authentically costumed. Some of the original costumes used are museum pieces. The pageant which will be narrated by Walter Kaasa features speaking parts by

room for patients to entertain their visitors, possibly a TV for such a room, provision of an extra hospital bed and so on but they have not put any strings on their gift just so long as it does something to make life easier for the patients.

Members of the WI were happy to receive a letter from the hospital board thanking them for their kind donation mentioning that they were the first ones to make such a gift to the hospital and saying they felt sure the institute had provided an incentive for other clubs to follow this fine example.

Judy Unwin, John Rivet, Eric Candy, Wilf Rowe and Phillip Upright. This is a truly exciting event, one which will bring back the pageantry of St. Albert's colorful and distinguished history. Length of the production is approximately 45 minutes, thus enabling parents to bring their children for this unique glimpse back into history. So that all families may enjoy the pageant, no admission will be charged. CASTING - Needed are 114 students, grades 9 and up to take part in Mio Kiskisewin, the St. Albert Historical Pageant. No acting experience is required as all speaking parts are pre-recorded by Professional actors. If you would like to participate, either on stage or behind, report to Phillip Silver at the Vital Grandin Gym, Sept. 7 and 8 at 8 p.m. STOCKINGS ANYONE?

Mrs. Vera Parenteau who has very ably undertaken the gigantic task of costuming the 114 member cast of Mio Kiskisewin is in need of old nylon stockings. Vera lives at 8 Sorrel Crescent and will gratefully accept donations. Her phone number is 599-8186.

SPECIAL MEETING

St. Albert—Mayor Fowler has called a special meeting of council to be held on Sept. 11, to deal with the following:

Items on the agenda circulated for the regular meeting of Aug. 28, which was not held due to a lack of a quorum.

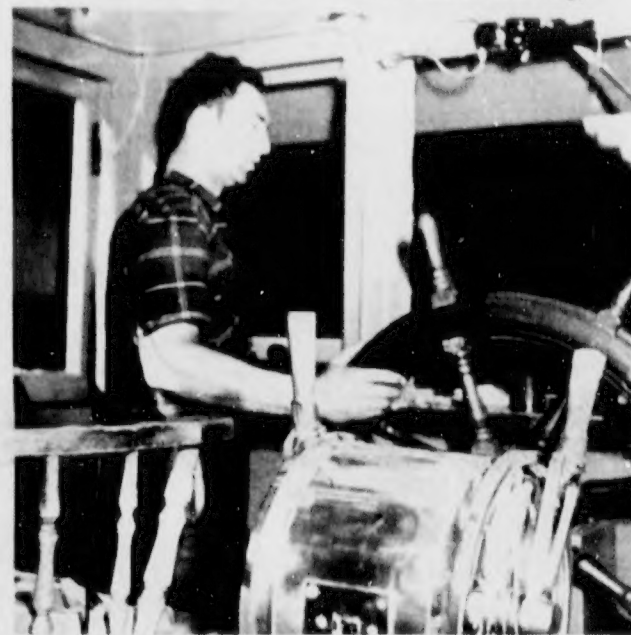

Consideration of the 1967 budget.

It is back to school time again. St. Albert children are luckier than most 'Town Kids' as they are driven to the Halls of Learning by bus.

up at the Aug. 24 meeting of the St. Albert Protestant Separate School District Board. The secretary treasurer was asked to send each a letter of congratulations from the board for their honor standing in the June departmental examinations. Superintendent J.W. Chal-

mers advised that out of 126 students who sat the grade 9 examinations, five received honors and there were only 10 failures. Of 59 grade 12 students, only four students failed one subject each and out of this total 15 students achieved Matriculation Standing.

Riverboat Captain

Mr and Mrs Mike Nychyporuk and family of two boys and a girl, moved to St. Albert recently and made their home at 34 Spruce Crescent. Their former home was in Heinsburg.

Mr. Nychyporuk is the captain of the Mackenzie River Boat, Y-Tee Marjory. He leaves home each May and does not return until the following October. His runs are mostly from Norman Wells to Inuvik and sometimes he makes a trip to Hay River. It is hard work on one of these boats for they take full advantage of daylight hours that are almost continuous during part of the summer. His ship is one of those of the Northern Transportation Company who have offices in Edmonton.

The captain has been on the northern river boats for 17 years for the summer months and finds other employment in the winter. In Heinsburg recently he drove

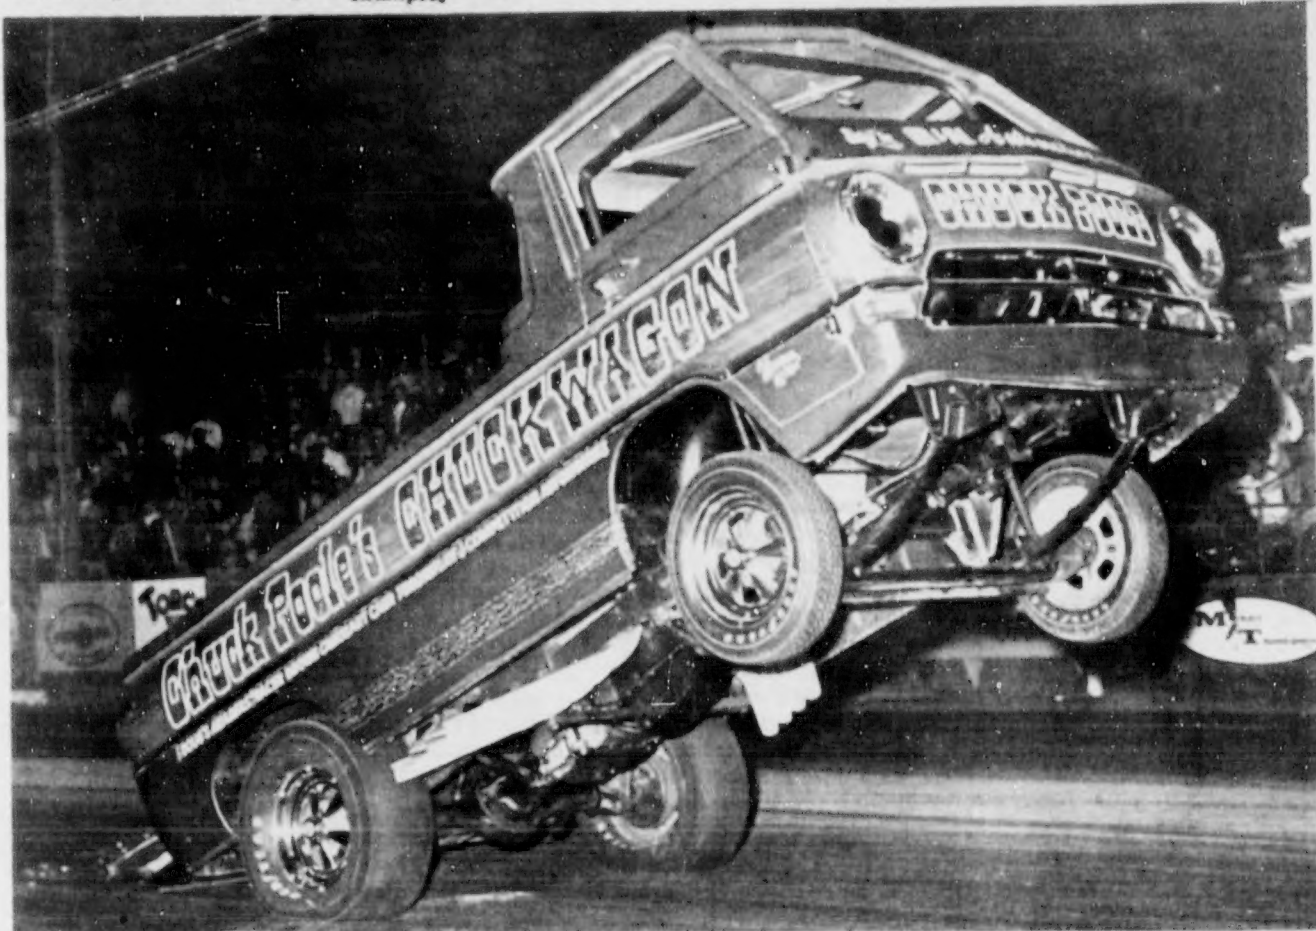

a school bus and also worked in the salt plant. He will be seeking employment in St. Albert when he returns.

Credit Union Grows

As a businessman in the Town of St. Albert we feel that you will be interested to know that in the last three and a half years the Credit Union has grown from a modest \$30,000 in assets to \$214,000 as at the end of July 1967.

This increase is the result of the patronage of many citizens of the Community who were or have become members and supported their own financial organization.

Starting July 1, the Credit Union revised the rate of interest paid on Deposit Accounts to members from 4% on the minimum quarterly balance to 4-1/2% on the minimum monthly balance on active Deposit Accounts.

Chuck Poole's Chuckwagon doing its famous wheelstand was part of an action packed program at Speedway Park on Sept. 3. In this position the truck, or "funny car" as it is called, did the entire quarter mile with the driver having no control once the front wheels left the ground. Chuck did the run at 89 miles per hour on his

third appearance. Double A dragsters reached a speed of 196 miles per hour during the afternoon. Driving several of the dragsters during this meet was St. Albert's own Geoff. Goodwin. The Grandin Esso sponsored stock car, the "Yellow Bird of St. Albert" also took part in the races.

Cpl. Greene won the course by being one of the outstanding cadets of the squadron during 1966-67. He is now

a fully qualified glider pilot. He reports that gliding is a terrific sport that no one should miss.

Mike suggests that any young man between the ages of 13 and 19 should be at the community hall, Sept. 8, at 7:30 p.m. That is the first step towards a glider pilot's license-- joining the squadron.

Bankers Advise Advertising

"No businessman in any town should allow a newspaper published in his town to go without his name and business being mentioned somewhere in its columns. This does not mean you should have a whole, half or even a quarter page ad in each issue of the paper, but your name and business should be mentioned."

BAD STORM

One of the most disastrous storms of recent years was Hurricane Flora, which in 1963 killed about 5,000 persons in Haiti and more than 1,000 in Cuba, and left about 750,000 persons homeless.

Irony in the headlines —

"U.S. Cuts 1968 Wheat Allotments." "UN Reports Less World Per Capita Food Output." When you see those two headlines together, something just does not seem to make good sense.

MD Sturgeon Assessment

The Morinville council of the Municipal District of Sturgeon No. 90, at their meeting held on Aug. 10 and 11, decided to adopt the 1967 assessment as shown on the assessment roll for 1968 taxation purposes. There are few exceptions, those being certain parcels of land that must be assessed by Oct. 31.

The assessment became official by the passing of by-law No. 47-67 after three readings. Those present were Councillors G. Wilson, L. Rye, W. Flynn, S. Walker, L. Kluthe, W. Van de Walle, D. Bevington, Superintendent of Public Works R. Stack and secretary treasurer A. Nobert.

The council under by-law No. 48-67 which passed after three readings will pay the land owners the amount as listed below for purchase of land for road purposes east of the Gibbons road, S.E. and S.W. 13-56-22-4, Bernard Blom \$1,505.50 and P.S.W. 14-56-23-4, Dian Reddick, - \$500.00.

A letter from Mr. Switzer, Director of Tax Recovery was read to the council advising that by-law No. 42-67 had not been approved by the minister for reason that the sale price is too low in comparison with the appraised value and assessed value. The by-law will be resubmitted to the minister for approval stating that said property is in poor condition, land infested with weeds, depreciating in value every year and has been neglected for a considerable time.

Mr. Norman Shultis attended the meeting in regard to the difficulties and breakage of the New Wagner 14 Scraper Unit. The council informed Mr. Shultis that they were very disappointed with the performance of said scraper unit, having lost approximately 60 hours of time on road construction, based at \$21.50 per hour amounted to a considerable loss of earnings for this M.D.

Council will request Richardson Road Machinery to have a new scraper, with the necessary reinforcement welded on, to be shipped from the factory so as to replace the defective scraper now being used by this M.D. Mr. Shultis assured the council that it was his intentions to supplement the 60 hours time lost with a demonstrator that he will be receiving by the end of August, if this can be arranged.

NUISANCE GROUND
S.W. 1-54-24-4, Martel Property. Mr. Hillman informed the council that he had inspected said nuisance ground and found the grounds in an awful mess - with a lot of garbage that had been dumped on the road allowance, entrance to above described property.

It was agreed by the council to make arrangement for cleaning up the road allowance, erect "No dumping" signs and to contact Mr. Martel in order to have him clean up his property.

* Mr. R. Hiller, of the department of public works, with two other engineers

were in attendance at the meeting, in relation to the installation of a sewer line from the hospital at Oliver to the City of Edmonton sewer line at the river. Mr. Hiller requested the council to consider granting permission to the department of public works to install a sewer line in the ditch along the road allowance S of S1/2 4-54-23-4. The plans call for a 15" line to be installed at a depth of 16' to 22' deep on the north side of the east west road allowance.

Council authorized the department of public works to install a 15" sewer line in the ditch north of the road allowance S/S 1/2 4-54-23-4, subject to the conditions that:

(1) an access is provided at all times to the public travelling on said road during the time of said installation.

(2) the road be reconstructed and regravelled after completion of the sewer line installation to council

R C "Collection"

Canadians across the country are being urged by the Pope and the Canadian Bishops to offer a generous response to the special Collection being taken up in all Catholic churches and chapels on Sept. 10 or Sept. 17.

This is the 18th annual Collection to raise funds for Papal Charities and the Apostolic Projects of the Canadian Church and it has as its theme: "Share generously with the Holy Father and the Canadian Bishops." Catholics will thus be diverting a part of their surplus of this world's goods to those places where the need is greatest and by so doing will be effecting a fairer distribution of resources, both throughout the world and in Canada.

Water Survey to begin
The groundwater survey requested by farmers earlier in the year will get under way after the middle of September.

The Water Resources Branch of the Alberta Department of Agriculture instituted a Water Development Programme during the past year to gather groundwater information and to assist farmers in finding a suitable water supply. The demands under this programme have been so great that the Branch will unlikely

be able to handle all requests this year despite the addition of new drilling machines and staff.

Farmers in the Bon Accord and Gibbons area from which most of the requests for drilling tests eliminated may expect drilling tests to begin during the week of September 18. Those farmers who have no water and plan to drill wells this fall should advise the District Agriculturist at Morinville so that test drilling priorities may be arranged.

COMMENTS

by Robert Russell.

There is growing concern across Canada about the conduct of some of the employees of the Company of Young Canadians. The company is expected to spend over \$2 million this year and so far there is little to show for it except a series of embarrassing events.

With an executive director on the payroll at \$20,000 per year and two administrators for every employee it is difficult to see how the employees have managed to get into so much trouble with such an abundance of supervision. Difficult until we hear the director telling his T.V. audience that they don't believe in supervision and that there is very little screening done with new employees.

If a private company oper-

ated in this manner the shareholders would be after someone's scalp. The Canadian taxpayer happens to be the shareholder in this venture and certainly my patience is beginning to run out. The government should immediately withhold any further spending on the CYC until the terms of reference of this venture are set out in a more business like manner and there is a more effective method of screening new applicants.

Undoubtedly the CYC contains some conscientious and able young men and women who can make a real contribution to this country. These fine people should not have to work under the handicap of administrative bungling and bad press reports.

Mr. Cote, municipal assessor, attended the meeting in relation to assessment of buildings on small acreages of 20 acres and over. He reported that he had inspected the two properties that had been referred to the secretary treasurer's attention by letter, from

B. Laidlaw. He stated that both properties involved, were now assessable for the reason of change of status since his last inspection and will therefore be on the assessment roll for 1968 taxation purposes.

A letter from the secretary treasurer of the village of Legal was read inquiring if the municipality was anticipating in buying some land in the near future which could be used as a nuisance ground.

Council will investigate the possibility of purchasing an acreage for this purpose in the Legal vicinity.

A letter from H. J. Loo-ten, chief property appraiser, was read requesting consideration be given for tax adjustment in the 1968 tax year for land acquired by the highways department for road widening on highway #37. The assessment and tax roll will be adjusted as of Oct. 31, in accordance with the road plan as submitted to this office by the highways department for 1968 taxation purposes.

APPROVALS

Council approved the following: The preliminary plans of the proposed extensions to the Ray R.E.A.

Calgary Power-The extension plans to provide services to J. N. Plumley in the S.W. 29-54-23-4.

The plan to relocate 8 miles of existing Sturgeon Exp. area powerline along highway #37 from the S.E. 28-54-23-4 north to Gibbons in the N.E. 10-56-23-4.

Council did not approve the proposed plan to re-route the powerline to Speedway Park in E 1/2 25-53-25-4, for the reason that this municipality is considering widening 127 Street north of 137 Avenue and said proposed line would be obstructing future road construction as plans submitted. Northwestern Utilities plans approved: A proposed service line to lots east of 142 St. north of 137 Ave., subject to the condition that the road crossing be bored and not ditched through.

A proposed service line to the Waldemere subdivision and north along highway #28 to the S.W. 8-54-24-4, subject to the condition that road crossings be bored and not ditched through.

A proposed service line from sections 4, 5-54-23-4 to S.E. 25-54-23-4, subject to the conditions that road crossings be bored and not ditched through.

Legal Creek-W 1/2 14-58-25-4: A copy of the water resources inspector's report and recommendation that work on the downstream section of the creek should be completed before additional channel improvement is carried out upstream. If this is not done, the M.D. could easily become involved in a damage claim. Water resources division to be advised accordingly.

On Aug. 26, Miss Carol Lehr, daughter of Mr. and Mrs. Lloyd Lehr of St. Albert, and Mr. Roger Riopel, son of Mr. and Mrs. Arsene Riopel of Morinville were united in marriage in a double ring ceremony, performed by Rev. Father George Primeau, in St. John the Baptist R. C. Church, in an early afternoon wedding.

Given in marriage by her father, the bride chose an all lace classic gown over

taffeta, in an A-line style, with bow trim empire waist, sweetheart neckline and lily point sleeves and along lace cathedral train. Her shoulder length veil of French tulle worn bouffant style, was held by a white flower arrangement and she carried a bouquet of red roses and white carnations.

Two bridesmaids, Miss Lea Riopel, sister of the groom and Miss Louise Craig of Morinville, wore identically styled gowns in pale blue and pale yellow pole de sole in a fitted style with an over lay of sheer. Each carried a sheaf of yellow and blue gladioli. Tiaras of brilliants were worn as hair ornaments.

Attending the groom, was Mr. Daniel Owens as bestman, and Mr. Lucien Riopel Soloist during the ceremony was Mr. Romeo Riopel, and Mrs. Leon Riopel played the organ.

A reception and banquet for some 80 guests were held at the Morinville Recreation Centre, followed by a dance for the invited guests. Mr. Ed Shute of Whitecourt was M.C. and the toast to the bride was proposed by Mr. Lehr Sr. the bride's grandfather.

For her daughter's wedding, Mrs. Lehr chose a pink three piece wool suit, and white accessories. A pink carnation corsage complimented her ensemble.

Mrs. Riopel chose a French blue silk brocade ensemble, with white accessories and white and blue tinted carnations on corsage.

For her trip to Lloydminster, Sask., where the couple will reside, the bride changed into a yellow and blue printed silk dress with blue coat and accessories.
